

## Children's Supply List

### Infants

- \*two week supply of diapers
- \*two complete changes of clothing
- \*seasonal items: hats, sunscreen and bug spray (when age appropriate)
- \*bottles and/or premade cups for the day with at least one filled with water
- \*extra one day supply of formula
- \*pacifier if needed (no clips or attachments permitted)
- \*box of wipes
- \*diaper rash ointment
- \*optional: teether toys or other comfort items
- \*bowls and utensils
- \*bibs
- \*meals for each day

*\*According to childcare regulations, infants under the age of one are not permitted to use blankets. We provide sleep sacks for every infant to use while at the center. If you prefer, you are welcome to provide your own sleep sack. Centers are also not permitted to use pacifier strings or attachments of any sort. Please label your child's pacifier!*

*\*Over the counter medicines: Can be given without a doctor's note when being administered as per the manufacturer's label (this includes lotions, diaper creams, gas drops, sunscreen and bug spray). If you request administration of over the counter medication that goes AGAINST THE LABEL'S DIRECTIONS a doctor's note is required. Example: sunscreen for a child younger than 6 months.*

### Toddlers

- \*two changes of clothing
- \*standard crib sheet
- \*meals for each day
- \*enough sippy cups for the day with at least one filled with water
